

Simple Presentation Without Custom Styles

Basic Bullet Points

- This is a list item
- Another point in the list
 - Sub-item with indentation
 - Second sub-item

Code Block Example

```
def hello_world():  
    print("Simple code block")  
    return 42
```

Image and Table

Feature	Description
Markdown	Easy formatting
Marp	Converts to sasas
Themes	Built-in options

Conclusion

Plain Markdown works fine for basic presentations!
